

2021 Produce CSA Options & Pricing

Join our CSA and receive 5% off every time you visit Miller Plant Farm in 2021!

Includes Plants, Produce, Gifts, Bakery & More!

Excludes Bower & Branch Brand Merchandise, events, and future CSA membership. Only valid at our garden center farm market location.

Our Community Supported Agriculture Program (CSA) is designed with the intention of providing participants with a good measure of farm-fresh, high quality produce each week. The weekly share for CSA will be pre-determined by Miller Plant Farm, but will be diversified week to week to encourage participants to sample a wide range of our fresh produce. The variables will be largely due to supplies, often influenced by the weather. Our goal is to keep the produce offering continuously changing and encouraging participants to consume and enjoy fresh produce **from our Farm to your family**.

Full Share (*Best value option*) - Designed for households of 3-4 (or more) individuals, or families who eat a plant-based diet. This share size is ideal for people who love to cook on a regular basis. Also, a great option to split between households!

Small Share - Designed for households of 2-3 individuals who enjoy cooking, but also find themselves eating away from home a few nights each week. A good option for folks who are brand new to CSA and are nervous about getting overwhelmed, or those who enjoy also purchasing produce in addition to their share contents.
